## TECHNICAL DATA SHEET BIKE CLEANER

Ref. : 800

### 1. GENERAL DESCRIPTION

Bike Cleaner is a special detergent to remove mud, dust, tar and obstinate dirt from the bicycle, leaving the bike looking really clean. Ready to use, quick action, immediate results.

### 2. FEATURES

- Ready to use, quick action, immediate results.
- Remove mud, dust, tar and obstinate dirt.
- Works by simply spraying the bicycle and cleaning with a clean cloth or a sponge.
- Leaves the bike looking really clean.
- Thanks to its pH-neutral formula it is safe on carbon fiber, titanium, aluminium, steel, chrome, rubber, plastics and paintwork.

### 3. APPLICATIONS

Bike cleaning for:

- Aluminium frame
- Carbon fiber frame
- Steel frame
- Plastic parts
- Rubber parts
- Painted parts

### 4. DIRECTIONS

- Wash off excessive deposits of mud and dirt.
- Shake well before using.
- Spray Bike Cleaner generously and evenly over the bicycle.
- Wait just 3 minutes and wash with plenty of water.
- To remove obstinate dirt, rub with a clean cloth or a sponge.
- Rinse with clean water and do not leave the bike dry under direct sun.
