

## MOTIP Shield

Ord.-no.: 000277

## Technical Information

Prevent rusted spots on your bike with MOTIP Shield. Use the spray on your bike's fasteners and prevent corrosion. Shield is a spray to treat fasteners and to prevent corrosion. Shield has excellent adhesion. Shield applies a thin protective layer to the bike, providing effective resistance to chemicals and weather conditions.

### Quality & properties

- Excellent corrosion prevention
- Resistant to chemicals and weather influences
- Excellent adhesion
- Excellent vertical stability
- Resistant to weak acids and bases

### Physical & chemical data

- Base: Wax
- Colourname: transparent white
- Smell: Characteristic
- Surfaces: Fasteners (Bike)
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Vapour pressure: 3500/20 bar
- Relative density: 0.87 g/ml
- Storage stability: 10 y
- Content: 400 ML

### How to use

- Before use, carefully read the directions on the packaging and act accordingly
- The aerosol should have room temperature.
- Best processing temperature 10 to 25°C.
- Before use, shake the aerosol.
- Apply shield on the parts to be treated.

#### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

#### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

#### Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

For any further technical questions call our hotline +31 (0) 561 69 44 00 from Monday to Thursday from 9 h a.m. to 3 h p.m. or on Friday until 12 h p.m.

**As of August 17, 2022** – This release replaces all eventually earlier issued versions.
